"Dear Ole, thank you so much for your wonderful initiation into Gold Reiki! I felt waves of warmth and energy spread over my body. I am a Reiki Usui teacher so I have experience working with energies and I have to tell you that your Gold Reiki brings a huge amount of good and light.
It was my first initiation with you but certainly not the last."

"The Attunement ceremony was a very beautiful Experience from start to finish.. Both The visuals..and the colours I saw were out of this world!.. If I could have "bottled up" and saved this lovely experience..it would be definitely something worth watching again & again..

I felt a lovely warmth all over my body..
My hands were tingling as well..

(I have always been a great Dog lover..
A friend of mine has 9 cats and am African Grey)..This has made me love cats as well)..

I was face to face with a beautiful cat..
We were both looking into each other's third eye..
I did see a lot of "Third eyes" as well coming out of a beautiful colourful sky!..
(My Third eye was also tingling)..

I also saw myself walking with different Kinds of Animals..especially
Elephants..Lions & Tigers..& Monkeys..

The beautiful energies lasted for 40 minutes..

I did test the energy as you suggested..
I felt a nice buzzing feeling in my hands..

Thank you Ole. I have tried these energies and they have helped me increase my
channelling ability. All of the energies I get attuned from you have helped a lot. So,
thank you very much."

"Ole thank you so much! I have never felt attunements so strongly as I have with you. I
have been practicing Reiki and professional energy and body work since 1998. I have to
say, these experiences I have had with you have meant ALOT to me. I have been able
to see things more clearly in a more objective and with a more big picture perspective.
To have these attunements with you and have received them directly from you has
revived my spirit, heart and purpose. I appreciate all you have created and manifested
within this field. You have brought into life so much love and happiness for so many
people!"

"Thank you very much for a beautiful Original Reiki attunement!

The energy is amazing, strong and gentle at the same time.

I am Usui Reiki Master-Teacher and I can feel the difference in energy intensity, it's the

same energy but Original Reiki is more powerful and higher in vibrations.

Another thing that I love is the simplicity of this system and your way of teaching it."

“Hello Ole! Thank you very much for the attunements. All the attunements have been amazing. The kundalini reiki attunement was really powerful, my hands were on fire even before receiving the email, they were so hot that I had to check if you were performing the attunement at that moment. I have been using kundalini reiki almost every day. Last night attunements I knew you were doing them because of my hands, they were on fire again. Today I am integrating all the energy that I received because it is quite strong. Thank you very much for sharing all these energies and for your commitment to humanity.

“A thousand thanks to you for my Original Reiki Healing System attunements.

I fell in love with your amazing original system.

I'm feeling the energy flowing through my hands with the same intensity as the water flowing into a mountain river, which is mind blowing.

Nothing compares with this sensation and nothing can replace this unbelievable experience.

Furthermore, Goddess Eir's Nectar helps me to be more focused and calm at work, and with Rejuvenation Reiki from Venus among other signs, my white wires of hair seem to turn back to the original color (if is not my imagination).

I'm extremely grateful for all your amazing discounts as well as for all my attunements, your wonderful blessings.

I'm sending you a ginormous THANK YOU from the bottom of my heart.

"Thank you very much for the Golden Dust gift attunement. I have been having problems with my left eye for several months. I had unusual and disturbing symptoms. Today my eyes are great! I am also much calmer."

Thank you for everything you share ☆♥☆

I now performed a healing session on myself with Gold Reiki and Golden Dust at the same time 🙏

I have no words to describe the amazing mix of energies. Really looking forward to getting to know these energies, what they can do to me now and in the future - as well as the wisdom they will bring ♥️☆♥️☆ WOW

Thank you for a beautiful and wonderful course..[Path to Rejuvenation]
I loved the experiences of all the Attunements..
And I love the manual..
Your course has made me more aware of Time/illusion..& The concept of Aging!..

It was an honor to be attuned to Feline Reiki as much as I had (and I'm still having) a strong attraction and connection with the Egyptology history as well as a strong bond and ginormous love for cats (and for the entire animals' kingdom of course).

For me the Goddess Bast Attunement was fantastic. The energy into my heart Chakra and all over my hands was extraordinary, and I had lots of cats from my belly button up me. The energy was strong a long time after I finished my attunement.

At level 2 – after my attunement session (that take at list an hour in general) I've charged different objects with the Ankh energy, and it was very interesting because I felt the energy not going into that object (for instance a crystal) but rather I felt the energy becoming stronger in different parts of my body depending on the material from which the object was made.

My attunement for level 3 – the “Master Level” effectively was a symphony of energies all over my body. MAGNIFICENT! POWERFUL! UNFORGETTABLE! 🙏🏻🙌🏻❤️

My sincere gratitude for ALL my amazing attunements!!!

I LOVE ALL of them!

Many thanks and blessings for my new attunemets: Archangel Nathaniel's 5 Gifts from Sirius and the 5 Gifts of the Holy Spirit Packages.

I'm super-excited and I'm playing a lot with all of my new attunemets.

From the second that I finished to activate the “light bomb” I felt a shift in the energy of the room. It lights up the skin of my hands.

I”Holy” my entire space of living with all the gifts and the vibrations are magnificent. My spiritual work is different now that I've raised the vibrations. Powerful gifts and tools indeed. I congratulate myself for being wise enough to purchase the Holy Spirit Package.

You have so many treasures on your site, and honesty it's not easy at all to choose, or to try to prioritize some of them and to let others somewhere later. Sometimes I spend two days on your website to be sure that I'm making the right decision for that moment.

Archangel Nathaniel's 5 Gifts from Sirius is another mind-blowing treasure.

Archangel Nathaniel started to guide me, and I'm so blessed, happy and grateful to you for my new BFF.

Ethereal Crystals from Sirius changes not only the water's structure, but also the taste.

White light from Sirius is strong and beautiful. I felt the energy not only into my third eye, but also the energy goes down into my hands.

The Silver Flower is making miracles onto my tailbones, knees and ankles' pain. It is unbelievably powerful!

The White Triangle now is my favorite tool. At almost every 10 minutes I'm changing something else on it, and I love it a lot!

While applying Yellow Stars from Archangel Jophiel energy found it very refreshing cool and strong 😊

While applying Golden Star Essence from Solar Angels energy felt some heat on palm chakras and it cleanses and clears the chakras and aura really fast .works beautifully as a stand alone system .🙏

I just want to tell you that all certificates issued are beautifully designed but must say i really love the designs of Gold reiki certificates and Light Reiki. They are beautiful 🙏

Many thanks 🙏

Thank you, Ole, so much ! Powerful, as usually 🙏❤️

Thank you for sending the energies of Light Reiki and the beautiful certificate 🙏

I have started using the energy of light reiki and it's just amazing .It feels light and helps

to cleanse any negativity from the aura really fast ! The energy boosts immunity !
wonderful energy to start a day !

Many Thanks 🙏

The channeled message from Goddess Bast is reassuring and calming ! "Be Strong but show emotions .See the strength in the emotional side of your being" .It's such a beautiful message !

•*—————◇*◆*◇—————*•

Dear, Mr. Ole Gabrielsen

Thank you for your wonderful Kundalini reiki attunement yesterday and certificate and everything.

I somehow knew, by instinct that the attunement was going to take place yesterday at that time.

Maybe my guardian angels taught me before then.

Even though, at that time I was at outside, I soon noticed when you emailed me ,

I preferred to stay in my car, so I did and I told myself I intend to get kundalini millennium attunement from you then.

Then I saw by vision, bright light flew strongly and rapidly through my spine, my central core clockwise rotation.

After that I saw big dragon, maybe it was a pair.

Then passed life memory came to my mind, actually this year I was able to recall the passed life as Atlantis period.

I saw another vision of my passed life during your attunement.

Another thing I felt was burning power it had a shape like big eagle through my whole body.

Especially to both of my hand felt the power strongly, I somehow that energy to be place it to my third eye chakra.

Then I became fall asleep.

I waked up again about the same time as you emailed me that attunement has finished successfully.

Actually 3 miracle things happened.

What surprised me most was I had a ligament injury about 30 yrs ago,

doctor told me 80 % of the ligaments organ was broken,

So these days I always had miserable pain most

of the time while I am awake, but its gone!!!

I don't feel pain there anymore.

I am also a certified Usui reiki teacher/master and often try to heal myself but these day

I was not feeling good enough to heal myself. (I do have qualification as another reiki energy also.)

Thank you, Ole!!!

Another thing I felt is that, I feel more centered, grounded to the earth.

One more thing surprised me was I had an illegal bleeding lately.

Doctor told me it wasn't malignancy bleeding, most of the cause was from me feeling stressed.

It also stopped after your attunement!!!

Your kundalini millennium attunement had the strongest energy than another attunement I ever received.

I am feeling very so happy I ordered attunement from you.

Thank you very much for the discount also.

I thank to God, my guardian angels, Ascended masters, guide spirits, my multidimensional higherself to

Dear Ole,

Thank you for the Royal Stars Reiki v.2.0 attunement.

I was surprised at how the energy felt in the first version, but I felt v.2.0 was more than that.

Certainly getting stronger ...

Is the energy demanded by the times ...

This version wants to translate the manual into Japanese and share it with friends.

Thank you very much.

Blessings

"...Your attunements have changed my life! I have taken so many of your courses over the past five years through Anna May. When I needed help recovering from deathwalking the medicine society I was raised in then she was there with your Kundalini Reiki, and we have been moving forward to better things ever since then. I believe that course saved my life. Thank-you!..."

Dear Ole,

Around 10.30 hour I stayed in a relaxed atmosphere. I immediately got to see various images and images that often turn out differently. This week I dreamed that I was feeling sick, I removed pieces of raw meat from my mouth, a feeling of disgust. This morning I got the same feeling as in that dream, a pressure above and behind my head. Soon I saw 2 cylinders on both sides at the side of the head, behind the eyes. 1 large cylinder in my solar plexus. When I meditate, I release negative energies through my feet and exhale. This happened differently

now, a dark flowing waterfall ran from my crown. It turned into rainbow colors. I nested the cylinders so that I could digest them through my stomach and transform them through mother earth. Energien I first felt on my left side later right finally over my legs and body. After an hour I started to feel better and the pressure on my head, sides and back disappeared. Likewise the nausea. I thought all this had to do with the full Moon but also partly of transformation that we all are in. This feeling was 3 double experiences for me, the effect of my dream, the remains of implants and other hidden elements that did not belong to me and of course the Healing. Thank you very much Ole & Marijana. I wish you a nice weekend.

Hello Ole,

Thank you for performing the attunements! It was the middle of the night here in Canada, so I was not awake. But when I read your e-mail in the morning I recalled seeing some special dreams during past night. And I did feel lighter in the morning and more peaceful than usual.

I meditated with the energy as you suggested and had very subtle sensations in my body, like warming in the palms of my hands for a few minutes and then cooling down, and a light flow of energy around my heart. My meditation felt a bit different than usual, and I was very clearly led to imagine my own box of gold

and even put 3 affirmations in it. Amazing :) I will try to meditate with other energies in the similar manner.

Thank you so much again! There is something else that I saw on your web-site that resonated with me, so I will be reaching out to you again for other attunements very soon.

"...today I received the Magenta Attunement at 11:30 CEST - It was a great attunement. It started with the vision of light dancing around my belly, Etherical cords were cut, then the energy became more reddish, almost like fire and moved to my chest. I saw different symbols and got rid of negative energies, after 20 minutes the attunement was done - but I still felt the presence of a beautiful, angel-like-energy :-) ! Afterwards I felt vitalized and full of inner light. Thank you Ole for this blissful experience! :-)

I was curious to use the energy, so I started the first Reiki session for myself in the afternoon. It started slowly, somehow gentle, then it got stronger. An inner voice said, this might be a great energy for "past life" issues, so I put my hands together and said "for my past life issues". It became a powerful healing session then, and lasted for one hour ! The energy was joyful and positive but hot and burning like fire !!! It was powerful healing energy and somehow related to the fire element and I am very happy I can use the "magenta reiki" in future ! Thanks for this great attunement..."

"...It was one of the most amazing and wonderful attunement experiences that I have received in my life !

I'm very grateful for that and I feel that I will experience great spiritual evolution and healing experience with these systems. The energy is very pure and powerful, I can say these are real divine attunement very different from other systems currently offered on the web. It's like received directly from the source of all.

I have received some vision from Kuthumi and since this experience I know that Kuthumi is a true avatar of our time..."

"...Thank you for preparing for the wonderful attunements. They were very special and I was extremely honored to receive them directly from you..."

"...Emerald Essence is becoming one of my favorites. I'm using it everyday..."

"...Just wanted to say that I am very impressed by your attunements. I have worked with different energy systems and your work really stands out. I feel the energy of your attunements as being very pure and yet very strong and effective. I believe that in times of global transition such as now, work like yours is very timely and needed. I am really looking forward to work with your energy system and be able to learn as much as possible. It is already helping me in so many ways..."

Since receiving attunement to Golden Light, it is my happiness energy.

I decided to experiment with all the new energies. The results have been impressive!

Thank you for energizing my crystal. I love Emerald Essence. To experiment with the energized crystal I taped it to my shirt over my heart. After about a minute I began to notice the same wonderful benefits as experienced during a self treatment with Emerald Essence. I felt fantastically calm & balanced- stress level went way down. I'll keep this energized crystal with me always!

Being motivated by the crystal experiment-- I began re-reading the Gold Reiki manual. (There isn't a new manual for Golden Light) As a replacement for Gold Reiki I wanted to test it. I decided to test it at physical healing. My right knee has a twist injury. Using a technique in Gold Reiki "opening objects to Gold Reiki" I intended my knee be opened to "Golden Light". A moment after opening the knee to "Golden Light" the discomfort decreased 80% I was in awe! Would it last? What did this do?

It wasn't somatic pain -it was a real physical injury. Reiki treatments were of little help, BUT this technique of taking objects and opening them to the energy DID HELP!!! I went outside and did an hour of gardening--still guarding the knee--but moving it without pain. Something changed-and FAST!

"...This is great Ole. I held my stone [Emerald Essence] in a healing session yesterday and my eyes feel much better. Thank you for the valuable gift..."

"...I spend the weekend at courses of old Finnish natural healing & energy systems. We learned to measure things with a twig. I measured the bio-energy (chi) radius of my bean in Friday without Emerald Essence. It was 2 cm. I measured the radius again today with Emerald Essence. It was 26 metres!..."

"...Wow, I received the attunement last night. It was awesome. I have received many many attunements, but nothing like this!...It was not a good idea to receive the attunement at night before sleep, because the energy was so intense that I could not sleep... But I loved it!..."

Older testimonials for Kundalini Reiki:

"...I felt the energy starting flowing, and my body got hotter, and my chakras were vibrant and energy flowing through them and I felt various energy sensations for a while.

This was done in the night before bed, and after around 30 minutes or so I felt very charged and full of energy. It was like I wanted to go work out or something, and it was impossible to sleep that night. I was awake until around 10 the next morning before I managed to get to bed and sleep.

And that is interesting, as it is very similar to experiences I've had with Kuthumi, as in some cases he have "charged" me with energy and done some energy work on me to remove blockages etc and expand my chakras and various other things, and in these experiences the same thing happened, I was left fully "charged" and wide awake and could not sleep those nights either.

At one point during the attunement he actually appeared for me in a meditative state and seemed to be "overseeing" the process. This part was an inner vision sort of experience, and not the usual where I astral project and meet him in other planes.

So my conclusion is that the attunement certainly was received properly, and had strong effects in my case, and I want to say thanks for the time :)..."

"...People are very happy and surprised with the KR 2008 version !!!!! I love the power in hands ... it's very nice to REALLY feel the sensations it gives. Keep up the good work you are doing with this..."

"...wonderfull sensation during the attunement; first light such as a rainbow surrounding me and after some time a wonderfull gold light surrounding me..."

"...It was an utterly beautiful experience. I am not very visual, but I am feeling quite a lot on the energy side. After the attunement my foot chakras were incredibly widenend, something like 10 cm! This is especially great for me, as I tend to "loose my earth". The
